

For this measure only active pending cases are included in the analysis. An active pending case is one that is currently moving through the system toward final disposition and is not currently experiencing a period of inactivity such as bankruptcy proceedings on civil cases or where a defendant is unavailable for trial or sentencing on criminal cases due to capias or mental health treatment. For cases that have experienced a period of inactivity, the number of inactive days is removed from the age of the case. Additionally, cases that have been placed into programs such as diversion or treatment in lieu of conviction have been removed from the analysis. In the following chart, the total cumulative percentage may not always equal 100% due to rounding.

The Ohio Supreme Court time standard for criminal cases:
100% of all criminal cases disposed within 180 days from judge assignment

Criminal Pending Caseload

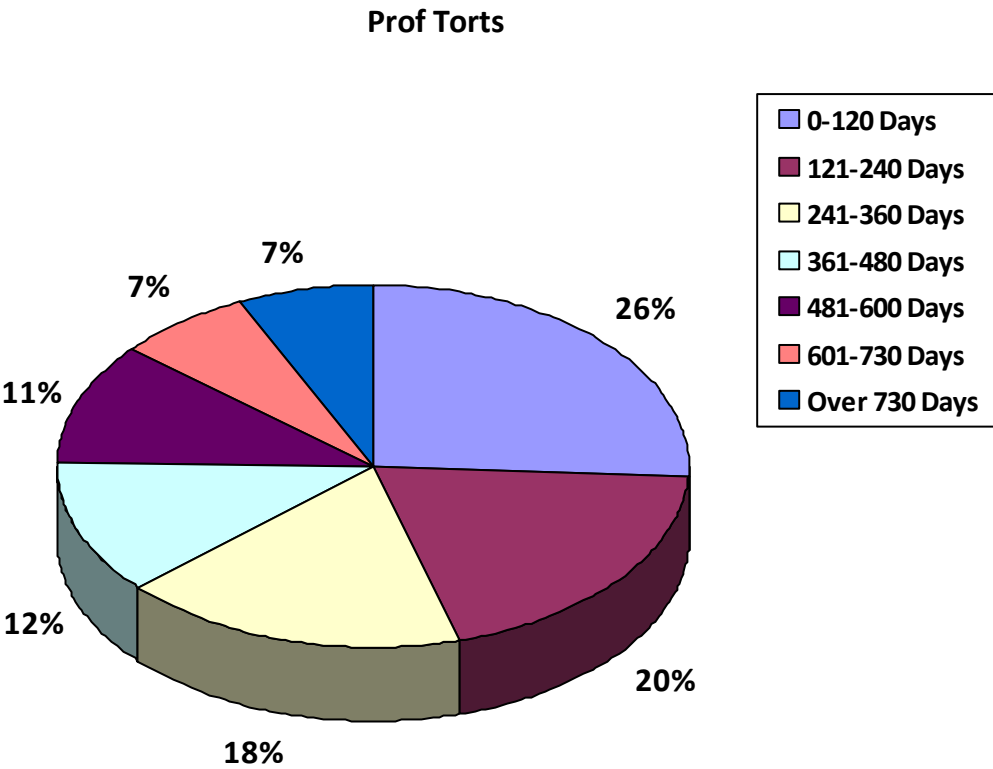

Criminal Pending Caseload

Age (days)	Number of Cases	Percent	Cumulative Percent
0-60 Days	1802	44%	44%
61-120 Days	1066	26%	70%
121-180 Days	569	14%	84%
181-240 Days	192	5%	89%
241-300 Days	183	4%	93%
301-365 Days	85	2%	95%
Over 365 Days	192	5%	100%
Total	4089		

For this measure only active pending cases are included in the analysis. An active pending case is one that is currently moving through the system toward final disposition and is not currently experiencing a period of inactivity such as an interlocutory appeal or bankruptcy stay. For cases that have experienced a period of inactivity, the number of inactive days is removed from the age of the case. The age of an active case is measured as the number of days from filing until the time of measurement.
